TIPS FROM CAPCOM

HERE COMES A FANTASTIC SHOOTER "PROGEAR"!!

"Progear" is a new type of shooter where elaborate story settings and fantastic visuals are blended each other.

Ships and special attachments called "Gun Flyers" can be combined in various ways.

You must make good use of two different attack modes "Forward-intensive Fighter Mode" and "Multi-direction Gunner Mode" depending on the battle situation.

To aim for a high score, you will also need to utilize features like "Jeweling" which bombs and turns enemy shots into jewels and "Jeweling Tractor Effect" which retrieves all the jewels at once.

HOW TO REMOVE THE TOP B-CARTRIDGE

The top B-cartridge is interchangeable to other Capcom CP-SYSTEM II cartridges.

It is very important to separate only the top cartridge from the main board with full attention.

Follow the instructions below to separate the two boards.

- Remove the 2 case clamps.
- Pull carefully the B-cartridge off the main board.
- Install the new B-cartridge by aligning the connectors.
- Carefully press down hard and make sure the two boards are fully connected.
- Insert case clamps.

Disassembling either case will void your warranty.
